UNION OF TEACHERS BECOMES FACT SOON

Election of Officers for High School Labor Body May 16.

CONSTITUTION ADOPTED AFTER FULL DISCUSSION

Committee Named to Confer With A. F. of L. Officials on the Issuance of a Charter.

With the elections to be held May 16, the High School Teachers' Union of Washington, D. C., will become a fact. The constitution was adopted at a meeting of the teachers in the Central High School yesterday, and provision was made for it to become effective on that date. The election will be held at a meeting in the Central High School, at 3.15 o'clock, on the afternoon of May 16, and the nominations of the officers will be made from the floor instead of by a nominating committee.

It had been planned to have the election May 17, but in view of the fact that the election of the High School Teachers' Association is to be held on that day it was decided to change the date of the union meeting.

The constitution was discussed behind closed doors, but it was said, following the meeting, that the only change made from the constitution as embodied in the report of the constitution committee was in the language.

The following committee was appointed: Education of Labor on the issuance of a charter to the new organization: C. W. Rippey, chairman; George R. Devitt, Reuben Pink, J. R. Wilson, W. J. Wallace and H. H. Burroughs. At the request of the membership of the new organization, L. V. Lampton, temporary president, became a member of this committee, ex officio.

Object of the Union. While the first election will be conducted with nominations from the floor, this is a special provision, for the constitution provides that nominations for officers shall be made by a nominating committee, to be appointed the month before the annual meeting, which is to be held each May.

As outlined in the constitution, the object of the new union "shall be the mutual benefit of its members, the betterment of educational conditions, the elevation of educational standards, and the co-operation with movements for civic and economic progress."

Members of the body are to be held only in October, December, February and May, unless otherwise designated. The secretary of the association will receive \$50 a year. The constitution also provides that the union shall be affiliated with the American Federation of Labor only until such time as a nation-wide federation of teachers shall be formed.

List of Charter Members. The following are the charter members of the organization: John Adams, Jessie E. Baker, Le Roy Birch, Bertha Birtwell, A. W. Belmont, H. H. Burroughs, L. L. Brown, K. D. Brickman, Elizabeth Birtwell.

Keep Off the Grass

The thoughtless fellows blithely pass, and cut a corner here and there, and wear a path across the grass, and fill the owner with despair. I try to have a nifty lawn, that will do credit to the town; and thoughtless fellows trot thereon and break the dandelions down. I set out flowers till I go broke—I buy the richest and the best—and bow-wows owned by thoughtless folk come there and knock things galley west. And thoughtless people let their cows perambulate the town by night, and on the well kept lawns they browse and make the scenery a sight. And thoughtless people all keep hens, and roosters with destructive feet, which come a-whopping from their pens and spoil my flowerbeds and repeat. There's no protection for the jay who'd make his home a beauty spot; the thoughtless skates will come his way and climb all over his garden plot and spoil the grass and pluck the flowers and bark the trees and crush the shrubs; and it will take him nineteen hours to tell just how he views such dubs.

PUPILS' GYM WORK PLEASES LARGE AUDIENCE

Students of Friends' Select School Entertain at May Festival Benefit.

A May festival augmented by gymnastic work by the intermediate and primary students of Friends' Select School at the school country club grounds, 3901 Wisconsin avenue, yesterday afternoon pleased a large audience of relatives and friends of the students.

The affair was given for the benefit of the Washington Baby Hospital Camp, and a goodly sum was derived. The audience, for the most part, took rugs and cushions with them to sit on, as the exercises were held in the open.

The program opened with drills by the second and third intermediate boys. John Henry Kagle and Henry Miller led a dumbbell exercise, in which the fourth primary and first intermediate boys participated. An interesting feature was story gymnastics, "A Trip to the Farm," led by Arthur Yates.

A frehand drill was given by the intermediate girls and second and third intermediate boys, consisting of Barzel Zaidvar, Louisa Carr Taylor, Esther Ellen Wootton, Katherine Holton, Hene Kitzles, Wilbur Bowen Fairfax, Charles Vandoe, Wheeler and Julius Maedel, Jr.

An exhibition of apparatus work was given as follows: See-saw, third primary, led by Joe Hamman Eagle and Thomas McPherson Brown; buck, first intermediate boys, led by Henry Miller and John Henry Eagle; horse, intermediate girls, led by Sylvia Hope Anthony and Louisa Carr Taylor; jumping and spring board, intermediate boys; tumbling and mat work, high school and intermediate team consisting of Hugh B. Montgomery, Tau Kwang Kwan, Richard L. D. Yates, Theodore Anderson Baldwin, J. Joseph C. Smith and Landon Van Near Burt.

The students of the second and third primary departments presented singing games, "Kitty White and Mouse Gray" and "Little Birds." A lilac serenade was given by Katherine Holton and Margaret Pink. White and Mouse Gray drew Herron and Sylvia Hope Anthony. Helen MacAulit and Thomas McPherson Brown presented "Lace and Graces." An interpretive dance was presented by Jean Hamilton Mackey, Frederick H. Haslam, Anne C. Kittleson, Louisa Carr Taylor, Virginia Neal Brown, Esther Ellen Wootton, Patricia Andrews Herron, Thelma B. I. Reeve, Margaret Yates Taylor and Alice Tysowski Jones.

PLAN BIG CELEBRATION FOR SCHOOL'S OPENING

Park View Citizens Appoint Joint Committee to Make the Arrangements.

Park View residents are going to celebrate the opening of the new schoolhouse in that section on a big scale. This was decided last night by the Park View Citizens' Association, which appointed its executive, entertainment and school committees a joint committee to make the necessary arrangements. The celebration probably will extend over a week and will be held late in September or early in October. The association wound up its work for the spring and summer last night and held its final meeting in the White Avenue Christian Church, on Park road, where practically all its sessions have been held since its organization. Its meeting place in the future will be the assembly hall of the Park View School.

Keeping Watch on Sanitation.

In the absence of President John G. McGrath, Vice President J. C. Hall presided at last night's session. Several committees made reports showing that they intend to be on the job during the summer. There was considerable discussion of sanitation matters, indicating that Park View residents are a unit back of the clean-up movement. Dr. Thomas Miller, Jr., chairman of the sanitation committee, reported that he had called on the health department's attention to some new houses built in that section which had not been properly equipped with plumbing and other necessary sanitary features. Existence of a so-called "blind alley" in Park View was called to the attention of the committee on streets and sidewalks, which will make an investigation of the matter with a view to determining whether complaint should be made to the District authorities. GASOLINE BLAZE CAUSES LOSS OF LAUNCH UNOUS

One of Owners Obligated to Swim to Place of Safety—Other Fires Reported.

George Logan, president of the River-side Rod and Gun Club, known to his companions as "Skipper" Logan, had an exciting time last night about 11 o'clock, when the launch Unous caught fire off Anasotian island. The vessel was destroyed. Logan was alone on the boat when the fire started. He was making repairs in order to get the craft in readiness for a week-end trip, he explained, and some gasoline was ignited.

The fire spread so rapidly that Logan found it necessary to take to the water and swim to the nearest boat. An alarm summoned the fireboat, but because of the long distance to the scene members of the fire company were able to do very little in the matter of saving the boat.

The destroyed craft was owned by George Logan, William Spillane, Thomas Keislin and Martin Creelman. It was valued at \$800.

Blaze in Junkshop. Special Policeman Ben F. Klopfer this morning about 1:45 o'clock discovered a fire in the junkshop of Edward Mullin, 1109 Little B street northwest. Firemen who responded to the alarm quickly sent in an additional call as a precautionary measure.

Members of the department succeeded in confining the fire to the one establishment. The origin of the blaze is not known. The damage is estimated at about \$3,000.

No. 11 engine company this morning responded to a call received from the residence of William Rose, 1303 Otis place northwest, where an automobile belonging to Mr. Rose was ablaze. The car was damaged to the amount of \$150. Fences in rear of 628 and 630 B street southeast caught fire last night about 11 o'clock, and were damaged to the amount of \$5. The fire was extinguished by No. 8 engine company.

HAS COLLECTED \$40,000 ON WAR RELIEF TOUR

Herbert Ward Had Delivered Addresses in Principal Cities of America.

Herbert Ward, one of the leaders of the American war relief clearing house, who has concluded a tour of leading cities of the country, during which time he has collected about \$40,000 for European relief work at addresses he has delivered, is in Washington for a brief stay before sailing Saturday for France. Mr. Ward is the father of Mrs. Colville Barclay, wife of the counselor and charge d'affaires of the British embassy here.

Impressed With U. S. Generosity.

"I have been deeply impressed with American generosity during my tour in this country," said Mr. Ward, "and as I make ready to sail I want to say to the many friends I have met here that I have been carried away by the sympathy which has been expressed to me." The American war relief clearing house is the main channel for relief for war sufferers, and Mr. Ward pointed out the usefulness of the organization has gone far toward relieving suffering in the war-ridden countries. For a time Mr. Ward was in the trenches and during that time completed many drawings which were shown during the course of lectures which he has just concluded in this country.

One of the Greatest Events in the history of the motion picture art is being presented at the Casino Theater this week, where Russia's dancer, Anna Pavlova, is appearing on the screen in a massive spectacle entitled "The Dumb Girl of Portici." One may not name one celebrity who has so far been entered from the speaking stage who is in a class with Anna Pavlova. None of the famous singers, such as Geraldine Farrer, such as gave them fame. The voice of the diva cannot be heard in a motion picture theater, but in the case of Anna Pavlova she not only brings all of her consummate artistry to the screen, but she reveals herself as the greatest living dancer, as the greatest living exponent of pantomime, and as the greatest actress as well. Those who have idolized Pavlova at the Metropolitan Opera House, and who paid a seat for the privilege, will see a far greater Pavlova when they witness her triumph in the screen spectacle based on Auber's "Masaniello."

MAY REAPPOINT MR. NEWMAN. Three-Year Term of D. C. Commissioner Will Expire July 14.

The three-year term of office of Oliver P. Newman, chairman of the Board of Commissioners of the District of Columbia, will expire July 14, and it is expected that President Wilson promptly will nominate him for another term. The impression has prevailed in some quarters that Mr. Newman's first term would expire this month, but inquiry shows that the commission of office was issued to him July 16, making his term expire the 14th of that month.

President Wilson is understood to be satisfied with Mr. Newman's administration of his duties.
